

## ST. LAWRENCE CRUISE LINES

### **JOB DESCRIPTION** **ENGINEER**

St. Lawrence Cruise Lines Inc. has an opening for an Engineer aboard the M/V Canadian Empress. The M/V Canadian Empress is a 66 passenger overnight cruise ship operating out of Kingston on alternating 4, 5, 6 and 7 night cruises to Montreal, Ottawa/Hull and Quebec City.

Under the onboard supervision of the Captain, and shore-side engineering the Engineer position is responsible for the following:

Operating all marine mechanical systems  
Maintenance of all things mechanical  
Preventive Maintenance  
Clean Engine Room & Bilges  
Electrical systems management and troubleshooting  
Bunkering fuel, water, sewage

**Work Periods:** 11 hour days average  
Alternating cruises on a “tour-on, tour-off” basis

**Wages:** Salary depending on experience and certification.  
Includes: - meals and accommodation while cruising  
- transportation to/from ports with meal allowance

**Applications:** Resumes may be submitted to:
